Maverick Club Is Started For The Boys

BAGGETT IS HEAD OF NEW BOYS' CLUB

First Meeting To Be Held February 22nd at Gymnasium

ASK IN ALL BOYS

Plan the Erection of Club House in the Near Future

Steps were taken Tuesday toward the founding of Maverick Club No. 2 in Canyon. At the luncheon of the Rotary Club the idea was presented by Coach Al Baggett and others who have investigated the work of the Amarillo club.

Application for a charter will be made at once by the board of directors named Tuesday as follows: Al Baggett, chairman, Dan F. Sanders, secretary, C. H. Jarrett, Dr. J. A. Hill, Clyde Warwick, Rev. Chas. L. Dickey, J. W. Kleinschmidt, Dr. R. A. Neblett and J. H. Cox, Jr.

The first big gathering of the boys of the community from 6 to 16 years of age will be held at the Burton Gymnasium on the night of February 22. To this gathering, every boy of these ages, together with their parents, are invited. The Maverick Club of Amarillo with Emmett Galloway and Cal Farley in charge will put on the program.

Ice cream cones will be served all boys who come to this program, states Mr. Baggett.

Registration for membership in the Canyon Maverick club will start Saturday, February 23. Until a separate building is provided, the boys will meet in the Burton Gymnasium. Every boy in Canyon between the ages of 6 and 16 is entitled to membership. While the club is organized primarily for the underprivileged boys of the community, yet the invitation is opened for all boys. Directed leadership will be provided for all the gatherings of the Club.

Every organization in Canyon has expressed an interest in the formation of this club.

Mr. Galloway was here again Tuesday, further explaining the working of his club in Amarillo. He brought with him two of the older boys, Pete Wheeler, president of the Amarillo club, and George Willingham, who was defeated by Wheeler in a recent election for the presidency. Both boys spoke of their work in the club.

Last Sunday a delegation from the Canyon Rotary Club visited the Amarillo Club, composed of Al Baggett, Chas. L. Dickey, Irby Carruth, Wes Kleinschmidt, Doug Shirley, J. H. Cox, Jr., Tom Knighton and Levi Cole. All of these men spoke enthusiastically of their impression of the club and its work.

John Fain, president of the Amarillo Rotary Club, told of the enthusiastic support being given the Maverick Club by the Amarillo Rotary Club.

The set-up is very simple, according to Coach Baggett, who has

Saturday Crowd Is Good In Spite of Threatening Day

Although the sky was overhanging with threatening clouds Saturday, a large crowd was in Canyon for the regular trades day event. Business houses enjoyed a brisk trade throughout the day.

The afternoon crowd was large, and enthusiasm prevailed for the regular weekly feature as provided by the 64 co-operating business firms and Chamber of Commerce.

A meeting will be held Friday night to determine plans for next month. All business firms which have been co-operating in the past are urged to attend this meeting.

Fred Scott Drugged and His Car Stolen

Awoke 12 Hours Later—No Clue of Thieves Found

Fred Scott was drugged and his car stolen just outside of Louisville, Kentucky, while returning from Detroit with a new Plymouth. Jim Cunningham and Guy Bailey had accompanied him to drive home three cars. In Louisville the three became separated, and Fred drove out from the city to wait for the others to join him.

It was late at night, and Fred fell asleep in his car. When he awoke it was 12 hours later, and he was in a tourist camp in a small town. The operator stated that a man had brought him to the camp and asked for a bed for Fred.

Officers stated that this method of stealing cars was frequently used in that section when the gang could find a man asleep in his car. The car was insured before leaving the factory.

No trace has been found of the car, or the men who put over the job since the tourist camp operator is the only person who saw any one with Fred.

W. T. Ex-Student Is Named Regent Teachers Colleges

Hon. R. A. Stuart of Fort Worth has been named by Governor J. V. Allred as a regent for the Teachers Colleges of Texas. Mr. Stuart is an ex-student of W. T. and will be the first ex of this institution to serve on this board.

Mr. Stuart attended the 25th anniversary of W. T. last fall. Since leaving the institution he has been greatly interested in its growth and development. He was a member of the Texas State Senate for one term, and was a member of the Texas Tech board of regents until this month.

J. D. Jackson of Alpine is another new member of the Board of Regents. He served previously on this board and is considered a great friend of education in Texas.

Must Stop Roller Skating, Bicycle Riding on Walks

It is against a city ordinance to use roller skates or ride a bicycle on the sidewalks around the public square of Canyon. Fines will be imposed on those who continue the practice.

This edict has been made by the city officials after two people have been run into the past week by children on bicycles.

The city officials have instructed Frank P. Hicks, Chas. Stratton and J. D. Gamble, city policemen, to arrest those who persist in the practice of skating on the sidewalks or riding bicycles on the sidewalks of the business district.

City officials trust that the practice will be stopped without the necessity of fining any of the children who are indulging in this practice.

New Pastor Called

REV. STUART MARSH Called to be pastor of the local Christian Church.

Rev. Stuart Marsh Accepts Call Pastor Local Church

Rev. Stuart Marsh has accepted the call of the First Christian Church and will preach his first sermon next Sunday.

Rev. Marsh was first recommended to the congregation by Dr. Roy Snodgrass, pastor of the First Christian Church of Amarillo. He has also been heartily endorsed by Dean Frank Marshall of Phillips University where Mr. Marsh took his undergraduate and Master's work.

Mr. Marsh comes to the local church direct from Yale University where he has just completed his residence requirements for his doctorate.

All members of the local congregation have been urged by the officials to be present next Sunday to meet the new pastor.

George E. Boling Died Saturday at The Family Home

George Ellis Boling, 41, died Saturday afternoon at 4:30 o'clock at the family home following a short illness with pneumonia. He has been a citizen of Canyon for five years, and conducted a news agency.

The funeral services were held Sunday afternoon from the Methodist church, Rev. J. O. Quattlebaum officiating. The pall bearers were: Carl Scott, J. W. Shook, W. E. Miller, Lee Foster, J. B. Fowler and Harry Wood.

Surviving are the widow and three children, Howard Boling, Clavelle Boling, and Tommie Boling; his mother, Mrs. Lidia Boling of Canyon; two brothers, R. L. Boling of Canyon, and Earl Boling of Ireland.

Welfare Board Is Named For County By Commissioners

A Randall County Welfare Board was appointed Monday by the Commissioners Court. This committee will investigate all cases of child delinquency which are reported in the county.

Members named were: S. H. Condon, J. W. Kleinschmidt, Mrs. Tom Knighton, Mrs. H. L. Callahan, F. E. Savage, Irby Carruth, S. B. Orton and W. A. Warren.

This committee will name assistants in each school district in the county to report cases which need assistance.

43 of an Inch Moisture Received In Canyon

WHEAT GOOD SHAPE

Moisture Better Than at Start of 1933 or 1934

Rain and snow Tuesday brought 40 of an inch of moisture to Randall county. On Saturday a light sprinkle had added .03 of an inch to the moisture of the year.

The total moisture for January was .61 of an inch. The moisture of 43 for this week make the total of the year 1.04 inches. During January and February of 1934 there was only .10 of an inch.

The wheat outlook is very encouraging as compared with conditions the past two years. The wheat that survived the dry fall months is looking better than it did at this time last year, and the moisture has been much better for the opening months.

The great difficulty regarding the wheat is the fact that there is little reserve moisture in the ground, and steady rains must continue during the spring months to insure a good yield.

The fact that heavy rains have fallen in most all sections, and that little wind has sapped the moisture is very pleasing to the farmers who are hoping for a good wheat crop this year.

Owen Williams Is Owner of the Canyon Tailor Shop

Owen Williams has bought the interest of Homer Price in the Canyon Tailoring Company, and is now in charge of the business.

Mr. Williams has been associated with this firm for the past nine years, and is thoroughly acquainted with every detail of its business.

Mr. Price has not made plans for the future.

Hog Contracts For 1935 Being Signed

Business Firms Meet Friday on Trade Event

All business men in Canyon who are interested in carrying on the special Saturday trade campaign during March are urged to attend a meeting at the commissioners court room Friday night at 7:30 o'clock, states J. H. Cox, Jr., president of the Chamber of Commerce.

The special fund used for the Saturday's regular event will be exhausted by the end of February. March will have five Saturdays which will cause the need of raising additional funds if the program is to be carried on during the coming month.

Mr. Cox urges that every business firm who wants to see the special event carried forward during March to attend this meeting.

Measuring of Wheat Field To Be Started In Very Short Time

The measuring of wheat land under the allotment contracts will start within a few days. The work will be carried on in the same manner as last year, except that no committee man will be employed to locate the fields. Each farmer will be required to stake off his fields and locate them for the surveyor.

It is expected that the work will be finished much earlier than last year and that payments will be received without delay. Co-operation with the surveyors on the part of each farmer who has a wheat contract will prevent delay in payment.

Mrs. Grace Spruell, Miss Columbia Redfern and Q. C. Redfern were visitors in Amarillo Sunday.

Help Keep Canyon Clean!

County Agent Asks All Farmers to Sign at Once

Corn-hog contracts for 1935 are being signed in the county this week in a series of meetings held under the direction of County Agent W. H. Upchurch.

The first meeting Monday night at Sunny Hill was attended by practically all farmers interested in these contracts.

Tuesday night at Umbarger, the snow and rain interfered with the meeting, many farmers being unable to attend. Another meeting will be held at Umbarger next Tuesday night.

Farmers of the Canyon precinct met at the court house last night. Tonight at Zita school the farmers of precinct No. 4 will meet.

County Agent W. H. Upchurch urges that every farmer who has a hog contract in 1934 to attend one of the meetings, or to come to his office before February 20th. The Corn-Hog committee is anxious to close up the signing of the 1935 contracts so that the last payment on the 1934 contracts can be made.

Planning Committee Is Named Monday For County

PLAN IS UNKNOWN

Projects Given Engineer Friday in Meeting At Amarillo

A Planning Committee for Randall county was authorized Monday at the meeting of the Commissioners Court which will serve in presenting projects for the county under the new set up which is being proposed for public work by the federal government. This committee is composed of the following: Dr. J. A. Hill, Clyde W. Warwick, G. B. Heath, J. H. Cox, Jr., Irby Carruth, Clarence L. Thompson and S. B. Orton.

Thursday afternoon a group of citizens gathered at the court house to prepare projects which would be presented to the district engineer who came to Amarillo from Fort Worth Friday afternoon to assist counties with their projects. Ten projects were submitted by this committee as follows:

Soil erosion and terracing. Addition to museum and a library building. City Park. County-City hospital. Widening Fourth Avenue. County Jail. Recreation building for boys. Students center. Postoffice building. High school play grounds.

A committee composed of Judge Burney Slack, G. B. Heath, Mayor C. R. Burrow and Clyde Warwick prepared the application for the projects which were requested for this county. The total of the various programs will run about \$850,000.

Friday afternoon a committee composed of Dr. J. A. Hill, Mayor C. R. Burrow, Judge Burney Slack, G. B. Heath, Irby Carruth, G. G. Foster and Clyde Warwick presented the applications to the engineer in Amarillo.

According to the engineer, all of the projects, excepting the post-office, are in line with the proposal of the federal government for the new public works program which will be started to succeed the relief set-up. However, no one knows at the present time just what will be required of the local committees, or how much will be allowed to the various counties.

At the meeting in Amarillo Dr. Hill presented the plan for the museum building addition and the library as a regional project. The building would cost about \$450,000 but this would not be considered a part of the Randall county project owing to the fact that it will serve all of the Panhandle. Those attending the Amarillo gathering agreed with Dr. Hill, and it was proposed to establish a regional committee for the purpose of pushing the major projects which would be of interest to all this section.

J. M. Fite Died Friday Following Lingering Illness

John Marvin Fite, 53, died Friday following an illness of several years. Mr. Fite had been a citizen of Randall county for 21 years. He served as tax assessor for two terms.

The funeral services were held Saturday afternoon at 4:30 o'clock at the Baptist church, of which he was a member. Rev. J. R. Hicks was the officiating minister, with the Griggs-Thompson Funeral Home in charge. R. T. Bowman, W. H. Harden, Ike Steen, G. B. Heath, M. O. Slack, B. T. Johnson, and Judge Burney Slack were pall bearers.

Surviving are the wife and seven children: Hugh Fite of Rush Springs, Okla., Emmitt Fite of Pampa, J. C. Jimmie, Lynn and Marvin, Jr., all of Canyon.

SUBSCRIPTION \$1.50 PER YEAR

Entered at the postoffice at Canyon, Texas, as second class matter. Published weekly at office, 1513 Fourth Avenue, Canyon, Texas.

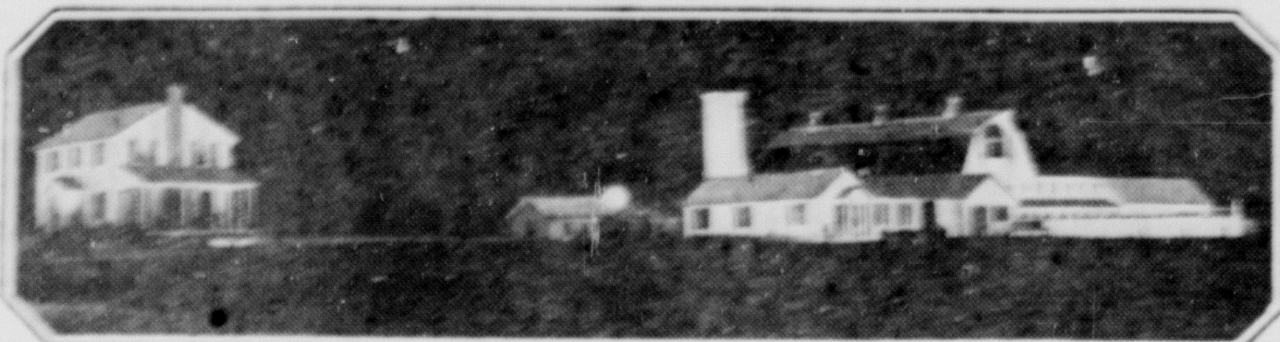

The West Texas Chamber of Commerce lead the drive two years for lower taxes in Texas, and to reduce appropriations for the support of the state government. The officers submitted to business men of this section a questionnaire as to the way out of the present dilemma of a straitened State treasury. The reply was the enactment of the sales tax. This is not going to suit a lot of people, but those in the West Texas Chamber of Commerce who favor the sales tax were led to this conclusion after studying the situation in practically half of the states of the union, where people are convinced that it is a just tax. A few years ago there was a great cry in Texas to relieve real estate from taxation. The sales tax is the only method whereby real estate may be relieved, and the only tax which will cause thousands to support their state government who are now entirely escaping taxation.

A silly order has been issued by the State Highway Patrol that 1935 license plates may not be placed on cars before midnight of April 1st. Those who bought their cars early thinking they were accommodating the state by paying in their cash are confronted with this order. It is stated from Austin that this was the intent of the law when passed postponing the time of payment. A reading of the law makes no such statement, and it is very unlikely that any court in the state would convict an automobile owner for diligence in paying for his car plates and placing them on his car. It is likely that the Highway department is more interested in calling attention to the absurd situation of changing 1935 plates on the first of April, rather than on the first of January.

Henry Long is causing more concern among the Democratic leaders than they are willing to admit. Sponsoring the impossible Townsend pension plan, Long appeals to the prejudices of a large class of citizens. That he is dubbed a Democrat will be used with deadly appeal by the Republicans, who will no doubt put out a strong conservative. The only hope for a Republican in 1936 will be to discredit the Democrats through such antics of Long and his followers. The performance of the anti-administration Democrats in Congress is adding fuel to the flames against the return of Roosevelt. The coming year will see interesting political developments from Washington.

It's 'More Power to the Farmer' as U. S. Moves to Electrify Rural Areas

In the not distant future, each American farmer may have a hired man who will keep the house and barn well lighted and heated, feed and milk the cows, vacuum-clean the pigs, cows, and horses; "swat" the flies, and wash the dishes, among other chores—all for a wage of about \$1 a week. This jack-of-all-trades goes by the name of "electricity."

As part of the new \$4,000,000,000 work relief program, government technicians are studying plans for putting electricity to work on some 1,500,000 farms throughout the country.

Rural electrification is one of the self-supporting projects approved in the gigantic improvement bill recently enacted by Congress.

A long-time plan, looking ahead 10 to 25 years, it is expected to help drain the great pool of surplus power created by Boulder, Grand Coulee, Norris, and Wheeler dams, and other federal power projects which will produce from 140 to 150 per cent more electricity than can, according to present demands, be used.

Private companies will get together with Uncle Sam in figuring how to conduct this extra energy to the nation's farms. It costs something like \$1000 a mile for transmission lines, and enough electricity must be used by farmers to justify this expense.

In the rural areas of such states as Missouri, Kansas, Iowa, and Illinois, there are approximately 1 1/2 consumers a mile.

If farmers can use enough electricity to pay in time for the cost of transmission, experts believe that the rate can be cut to 2 cents a kilowatt hour from the present rural charge of 7 to 10 cents. This would mean

Above, night view of the model farm at Lake county, Ill. Bottom left, a chicken gets his "sunbath" under the ultraviolet ray; and, right, a cow is shown being milked by electricity.

a rate of about \$4 a month, or \$50 a year.

In other words, for the cost of a low-priced auto, spread over a number of years, each farmer could pay his share of the installation and equipment, and cooperate with his neighbors in bringing electricity to the farm areas.

An all-electric farm at Lake county, Ill., suggests what the farm of tomorrow, supplied by cheap electricity, may be like. On this Illinois model farm, automatic clocks flash on high-powered lamps, which awake chickens before dawn to a "longer working day," keeping them awake until after dark.

An electric incubator hatches unsold eggs, 750 at a time. An

ultraviolet ray apparatus prevents chicks from getting pig or the rickets.

In the dairy, electricity lights the dairy barn, the cow yard, lifts the grain to overhead bins, grinds the feed, clips the cows, and operates the vacuum cleaner used to clean them, does the milking, cools the milk cooler, and refrigerates the storage tank.

Electrically charged screens electrocute flies, and there is a portable insect killer which may be plugged in anywhere around the farm, baited during the day and illuminated at night, to attract and kill flying pests.

With these and its thousand and one other benefits, electricity may soon, therefore, bring to the farmer all conveniences of his urban brother.

Physical Education

FROM RICE

Hope Is That He Will
Will Create Interest

Dr. Harry A. Scott, Professor of Physical Education at Rice Institute, has been obtained for addresses during the West Texas Educational Conference in Canyon on March 22 and 23.

"Dr. Scott is one of the outstanding men in the United States in his field," said Coach Baggett. "I feel that we are very fortunate in obtaining Dr. Scott for this Conference because he is an interesting speaker and can present some of the facts about Physical Education that will be beneficial. I want him to see the development which we are undertaking in our department, and get his reaction and comment."

Dr. Scott has his B. S., M. A., and Ph. D., all from Columbia University. He is a regular instructor in Columbia University in the summer classes and in Rice Institute during the long sessions.

He was head of the department of physical education at the University of Oregon for eight years, and has been head of the department at Rice since 1929.

He is recognized all over the world as an outstanding authority on Physical Education. He is President-elect of the Southern Physical Education Association, a member of the executive committee of the National Study on Teacher Training, contributing editor to the Research Quarterly of the American Physical Education Association, and has contributed many articles to many other professional journals.

Dr. Scott's services are much in demand all over the United States for lectures because he presents in question in a new, interesting aspect. He is a Texas man and familiar with the problems peculiar to this territory. He should do much towards helping build up a larger interest in the physical education program of West Texas State Teachers College.

Despite the fact that her yard, situated on a bluff, was a target for fierce winds which uprooted her plants and shrubs, Mrs. Frederick H. Meyer, right, of Grand Rapids, Mich., succeeded in creating a beautiful garden which won first place, unanimously, in the 1934 National Yard and Garden Contest. A glass-enclosed garden room, a stone terrace bordered by a solid wall of tall evergreens, and a low-growing, picturesque cherry tree, featured the Meyer entry. A section of the garden is pictured above.

W. T. BUFFALOES SWEEP SERIES FROM COWBOYS

Continuing their improved, flashy basketball, the West Texas State Teachers College Buffaloes swept a basketball series from the New Mexico Normal University Cowboys by trouncing them 47 to 34 Friday night, and completing their rout Saturday night 36 to 31.

Until they met the Buffaloes, the Cowboys had won ten consecutive college games without suffering a defeat. Their double defeat of the Buffaloes stamps the Buffaloes as one of the outstanding college basketball teams in the country. Friday night the first half was closely contested with the whistle finding the Buffs with a 20 to 17 lead. However in the last half the Buffaloes began to find the basket with accuracy, and worked the ball in close to the goal for crisp shots with a clever passing of the ball.

As the Bison Herd forged into a commanding lead, Coach Baggett began sending in his reserves, and although the score became a little closer, the reserves were masters of the situation. Davis and Kimmins, especially, did some outstanding work.

West, Cowboy hotshot, was high point man with five field goals and four toe-line tosses. Boedecker, Buff, guard, was second with nine points, and Captain McMinn and Burson each had eight.

Saturday night, although the score was closer, was more clearly the Buffaloes' all the way thru. The Las Vegas team did not score a single field goal in the entire first half. However, they did drop in six free pitches out of seven chances while the Buffaloes were making 17 points.

In the last two minutes of play Burson and Stevens made 14 points for the New Mexico team with four field goals and three, respectively, to make the score closer than the game was.

Britt, Walker, and Boedecker were outstanding for the Buffaloes, while Clements, Burson, and West shone for the Cowboys.

Britt and Boedecker were tied for individual scoring honors with ten points each. Britt had three field goals and four free pitches, while Boedecker had four field goals and three free pitches.

Burson was high point man for Las Vegas with his four field goals. March 8 and 9 the Buffaloes return the games with the Cowboys by a visit to Las Vegas.

Palo Duro Peeps

Mrs. Fred Rogge entertained the Lutheran Ladies Aid Thursday afternoon.

Margarethe and Erwin Meyer were visitors in the Henry Miller home Sunday afternoon.

Mrs. Raymond Tueck and Mrs. G. H. Lesberg, Jr., entertained the Palo Duro Club Wednesday afternoon.

Herman Kuhlman and family and Mr. and Mrs. Fred Schuetz and family visited in the Paul Fluegel home Sunday night.

The snow Tuesday night is appreciated by all.

Mrs. Pat Whittington and daughter Jean, returned to their home in Longview last Thursday. They have been visiting in the parental N. E. McIntire home during the past month.

Mr. and Mrs. W. C. Black and children spent Tuesday in Floydada.

Buffaloes Win Two Games Monday and Tuesday from Aggies

The Buffalo basketball team won two games from the Panhandle Aggies of Goodwell, Okla., to avenge the defeat at the hands of the visitors in the first game of the season.

The game Monday night resulted in a 45-35 win for the Buffs. Tuesday night the score was 27-24. The games were two of the hottest that have been seen at the Burton Gymnasium this year.

Captain McMinn was out of both games with an attack of flu. Monday night the Buffs received a scare at the opening of the game when the Aggies tossed three field goals in rapid succession while the Buffs were getting only three charity shots.

Soon afterwards the Buffs started to click, and forged into the lead.

Another spurt near the end of the game brought the Aggies in dangerous position, but again the Buffs' wonderful team work took them out in front with a safe margin.

Tuesday night the Buffs ran up 10 points to one for the Aggies in the opening quarter. The half stood 14 to 7 in favor of the Buffs, and it looked like everything was in favor of the local boys.

The second half opened with the Aggies hitting the goal, while the Buffs could not find the basket. The Aggies forged ahead twice, but each time the Buffs were able to sink the necessary shot to bring back the lead. It was a thrilling wind-up during the final ten minutes of play as first one team, and then the other would lead, or with the score standing even. With only one minute remaining, the Aggies were one point in the lead.

Then came a two point lead for the Buffs, and just as the whistle blew Boedecker was fouled by a visitor, which he converted, into the third winning point after time had been called.

The Buffs go to Sul Ross next Monday and Tuesday. No games are scheduled for this week end, but an attempt is being made by Coach Al Baggett to get games for Friday and Saturday.

EPISCOPAL CHURCH

Rt. Rev. E. Cecil Seaman, D. D., Bishop of the Missionary District of North Texas, will visit Canyon next Sunday, Feb. 17, and will preach and conduct the service at this church, at eight o'clock in the evening.

The subject of the Bishop's sermon will be: "The Episcopal Church and the New Age." This subject is vital and timely, and will no doubt prove of interest to the college element.

All friends of the speaker, and all who are interested in the subject announced are cordially invited to be present, and to meet the Bishop afterwards at the Little House of Fellowship.

FIRST NATIONAL BANK IS NAMED DEPOSITORY

The First National Bank in Canyon was named depository for Randall county at the meeting of the Commissioners Court Monday. The depository includes all school district funds as well as the county and state tax funds.

This bank has been depository for a number of years.

H. D. Club Report School at Amarillo Monday - Tuesday

Accuracy in reporting the club meetings was a topic mentioned by Mrs. Minnie Fisher Cunningham, acting extension service editor, College Station, during a two day reporters' school in Amarillo, to a group of Home Demonstration women representing five Panhandle counties, Feb. 11 and 12.

Mrs. Cunningham gave a most complete study on how a report should be made. Other speakers to the school were: Miss Ruby Mashburn, District Home Demonstration Agent, College Station; Gilford Wilkerson, Farm Editor for Globe News, Amarillo; Gene A. Howe, editor of Globe News, Amarillo; and Miss Dalton Burleson, County Home Demonstration Agent of Carson County.

Monday a very enjoyable covered dish luncheon was served. The food was brought in by the representatives of the five counties. The Arnold Coffee Co. furnished the coffee, the Coco Cola Company furnished the Coco Cola, and "Frost Sticks" were furnished by an Amarillo firm. The noon hour was made even more enjoyable by music furnished by the Beacon Quartet.

After lunch the group visited the News Globe office, then returned to their study. At 4 p. m. the group was honored by a party at the Texas Theater.

Those attending from Randall county were: Mrs. Henry Ratjen, Council reporter, Sunny Hill Club; Mrs. John Moody, Council chairman, Zita Club; Mrs. Roy Campbell, secretary to Miss Sadie Kate Bass; Mrs. S. L. Robinson, secretary to Randall County Council; Mrs. James Eddie Park, Club president, Mrs. R. B. Gist of Sunny Hill club, and Miss Sadie Kate Bass, Randall County Home Demonstration agent.

Finch Starts In Curriculum Work For This District

H. A. Finch recently appointed as field man in connection with the state's curriculum study began his work this week.

This project has been undertaken through the co-operative efforts of the Panhandle-Plains Superintendents Association, the West Texas State Teachers College, and the State Department of Education.

This district of Texas, composed of twenty-six counties, is the first to put on a special curriculum and the State Department of Education, speaking through W. A. Stigler, comments northwest Texas for this step. Writing to Dr. Harris M. Cook, Mr. Stigler said, "Hurrah for West Texas State Teachers College. I should say you are the first to put on a special curriculum man. I hold up the Panhandle of Texas and West Texas State Teachers College as good examples of carrying on an active study program."

Mr. Finch will do most of his work with groups of citizens who are not interested in college credit. His purpose will be to help the laymen to understand the new social conditions which make it advisable for Texas to revise its public school curriculum.

Mr. Finch was employed as a result of requests from all parts of district No. 1. Superintendent W. A. McIntosh of Amarillo is curriculum director of this district, and Superintendent Carruth of Canyon is a member of the curriculum committee of the Panhandle Plains Superintendents Association.

Former Citizen of Canyon Died Wednesday at Ft. Worth

Mrs. G. C. Long died at her home in Fort Worth, Feb. 6. The funeral service was held in Fort Worth Friday morning, and she was laid to rest in Mt. Olivet cemetery there. She was a member of the Baptist church.

She was born in Martin, Tenn., Feb. 28, 1859. She was a pioneer of the west, having moved to Canyon in 1890, where she resided for 17 years before moving to Cordell, Okla., in 1918 she moved to Fort Worth.

Mrs. Long was preceded in death by her husband, G. C. Long, and two sons, Charlie and Henry, and three daughters, Mrs. Jack Campbell, Mrs. Chas. Wheeler and Mrs. Corbit Clymer. Surviving her are one son, Cecil Long, Yampa, Colo., and four daughters, Mrs. J. Roy Miller, Mrs. H. R. Charles, Mrs. Wm. Meyer, all of Fort Worth, and Mrs. J. H. Stephenson, of Happy, and eleven grand children.

Mr. and Mrs. W. A. Warren left Saturday night for St. Louis where they will buy spring goods for The Peoples Store.

Mrs. John T. Wiley has gone to Houston where she will visit at the home of her daughter for some time.

Regional Library to be Objective in New PWA Projects

Canyon and the West Texas State Teachers College will seek a great regional library which will serve all of the Panhandle of Texas.

A library project has been included in those submitted by the Randall County Planning Board, and President J. A. Hill and members of his faculty who have been working on the library problem are planning to enlist the aid of every county in northwest Texas in getting the library. The Amarillo library association and the Texas Library Planning Board have both recommended that regional libraries be located on the campuses of state supported colleges. These libraries will be able to serve all the counties of a large territory with only a fraction of the expense charge to be necessary for the individual county to maintain an adequate library.

Libraries are among the projects having the approval of national work planning organizations. The library which it is hoped may be secured for Canyon will not only furnish library service, but provide a much needed addition to the already overcrowded Panhandle Plains Historical Society Museum.

District P. T. A. Conference Committees Named

Members of the Canyon Parent-Teachers Association met with Mrs. Irby Carruth Monday afternoon for the purpose of making plans for the P. T. A. District Conference that is to meet here on March 20, 21, and 22.

With Mrs. Carruth acting as general chairman and Mrs. Alfred Bellah as assistant, the following committee chairmen were named: Mrs. R. B. Davis, finance; Mrs. C. L. Thompson, banquet and luncheon; Mrs. R. E. Ball, decoration; Mrs. H. A. Brown, program; Mrs. Millard Word, exhibit; Mrs. Felix Neff, credential; Mrs. R. E. Harter, badges; Mrs. Ray Campbell, registration; Mrs. A. W. Sternenberg, courtesy; Mrs. Andy Walsh, pages; Mrs. J. B. Pope, printing; Mrs. Hud Prehard, housing; Mrs. W. C. Black, transportation; and Mrs. D. A. Nicholas, publicity.

The local association is expecting between three and four hundred delegates here for the three day meet which will be held in the Methodist Church.

Dean Green and Dr. Hill to Attend Meetings

Mrs. Geraldine Green, Dean of Women and Miss Nell Green, will leave tomorrow for New York and Atlantic City where Mrs. Green will attend the annual meeting of the National Association of Deans of Women and the Superintendents meeting of the National Education Association.

President J. A. Hill, who is to appear on the program of the American Association of Teachers Colleges will leave early next week for Atlantic City. He will transact business in Washington for the college while on his trip. Regent J. E. Hill of Amarillo will probably accompany him.

Hauptmann To Die For Murder Chas. Lindbergh's Son

Bruno Richard Hauptmann was found guilty by the trial jury last night and sentenced to die in the electric chair on March 18th. The defendant has been on trial for the past month for the kidnapping and murder of the oldest son of Colonel and Mrs. Charles Lindbergh on March 2, 1932.

Modern version: "Parents, dear parents, come home with me now!" There is no fool like an old fool, except a young one.

It's next to impossible to get on the road to happiness by getting off the path of duty.

It is not surprising that people have faith in the man who has faith in himself.

What the world needs nowadays is well-balanced men and budgets.

Home Owner's Loan Corporation

Many people have expressed an interest in having the activities of the Home Owner's Loan Corporation extended until all applications that have already been filed with the organization have been acted upon.

I have had this matter up repeatedly with the Banking and Currency Committee, as have several of the other members. The chairman of that committee has introduced a bill which make adequate provision for taking care of the applications now pending in the files of the Corporation. He expects to press this matter, and I have no doubt that both the House and Senate will take favorable action thereon.

Crop Production Loans

Both the House and the Senate last week agreed to the House Crop Production Loan bill which makes provision for 60 million dollars, or so much thereof as may be necessary for loans to farmers for the purpose of financing current production. It carries a provision for the recording, filing and registering fees shall not exceed 75 cents per loan, and the interest rate will be 5 1/2 percent per annum. These loans are to be made in cases where credit is otherwise available, and the borrower must agree to co-operate in the crop adjustment program.

An effort is being made to speed the administration of this loan. It has been my privilege to handle these measures in the House for the last several years. I feel that conditions now prevailing make their continuation for this year urgently necessary.

Public Works

It now seems probable that the public works measure will be enacted. I have been urging that a full share of such fund as may be provided should be made available for projects in the county districts.

It should be used for road building, grade crossings, local parks, soil erosion and other rural projects, in addition to the projects that would be available for cities and towns.

In addition to the 70 thousand miles of unpaved state and federal roads, there are more than one million miles of farm-to-market roads which could well be graveled. No more useful form of public works could be devised than a vast road-building program. This would

be of advantage to all the people.

State Board

Although the method has not as yet been definitely determined, it is probable that it will be necessary for all projects to be approved by a state board. While the funds for the works program will probably not be available until after July 1, it would be well for the plans for local projects to be ready before that time. The measure provides for a continuation of relief funds until July 1, when it is hoped the funds will be available for the work projects.

THE EAGLE'S TALE

VOLUME NO. 9

CANYON, TEXAS, FEBRUARY 14, 1935.

NUMBER 22

Cactus Cal

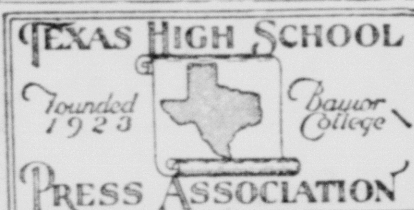

See Hese! It looks like the kids just get reckless and more reckless. Or maybe they just happen to be unlucky and have accidents. Anyway, four of our most prominent high school students were dumped out in Dan Sanders' front yard Wednesday night. It seems that Hal Gamble was the chauffeur, with Sis Overton seated by his side, and we have Mary May Harrison and Pat Cox bravely holding down the back seat. I tell you, them kids was just right down fortunate in not getting their necks busted!

Sarah Bonnie was gallantly riding behind the saddle of Mary Dowlen's horse, when all of a sudden as Bonaparte (the horse's name) was speeding down the road, at 10 miles per hour, Bonaparte kicked up and Sarah landed right in the middle of the road in front of Hon. John B. Pope III's residence.

What's all this I hear about organizing a swimming club? I may be kinda old, but I bet I could outswim any of you young sprats. I can dive too, except I don't dive like most of you kids. I dive with my feet first, and hold my nose, so as no water can get into it. Why, when I learned to swim, let's see—it's been high on 40 years. I was just about the best swimmer in the country. I'll never forget that old hole where we used to have so much fun! Anyway, I hope you succeed with your club, and I'd shure like to join it.

It was too bad the boys had to go and get beat Saturday night, after they played so hard. In fact, that was the best basketball game I ever saw. Them girls did some mighty nice work too, let me say.

Cactus Cal.

HOW MUCH ARE YOUR SERVICES WORTH?

And there was in a certain country a Man, whose Name shall be called You, for want of a better one.

And the Man would fain take a far journey, even unto the City that is called the World's Market Place, for to sell his Goods.

And it was so, that the Man whose name was You, did gather together the Goods of which he was the Sole Maker and Seller, and the man thereof is Your Services. And there did go with him a Still Small voice, of which the Purpose was to give to him Advice.

And the Man did journey far, and he was faint and would fain have fallen by the roadside, because he knew not whether he traveled the Right Road. But he did see a Signpost, the which read: "To the World's Market Place."

Then was the Man exceedingly glad, and he did make his way right joyfully toward the City. When said the Still Small voice unto him, "If the Baggage isn't worth much, Bess, you're out of luck!" But the Man feared not, because he knew that his Goods, called Your Own Services, were of superior Quality and that he would find for them Ready Sale in the City where Things are judged according to their own value, even in the World's Market Place.

Miss Irene Angel and Miss Annis Smith were in Amarillo Saturday.

Lorna Cone visited in Amarillo Sunday.

Have You Written In My Memory Book?

"To keep my friends is my delight; So in this book, I pray you'll write."

Causing much enthusiasm, interest, and pleasure, memory books are making their hurried rounds from students to teachers and back.

"I have known you only a short time, but have learned to love you very much," and "You are one of the sweetest person I know; 'Stay as Sweet as You Are'" are the only sticky comments any writer can find.

A course in writing in memory books really should be offered, as "I really can't think of anything to say" seems to be the only mutual remark any average victim can, after much thought and ponder, truthfully state.

Debaters Lose In Tourney Held at Lubbock Feb. 8-9

The Canyon High School debaters went to the Lubbock Debate Tournament last Friday and Saturday.

Both girls and boys teams were eliminated in the first two debates. The Canyon boys lost first to Sweetwater, and second to Lubbock. The girls lost first to Lubbock and second to Sweetwater.

Although both teams were eliminated Friday, they stayed over Saturday to hear the finals. Both boys and girls of Abilene won the tournament.

A debate with Friona was held here Tuesday night, and one with Bovina Wednesday night. Canyon teams will journey to Amarillo for another tournament tomorrow.

Another progress has been made on the work, and all outsiders are invited to attend the debates.

West Club Gives Banquet Fri. Night

The Ladies West Side Club held a banquet in the Canyon High School gymnasium, Friday night. This club is composed of ladies and their families which live west of the high school; however, several others attended the banquet.

The food was furnished by the ladies of the club. After the banquet the club gave a play entitled "Sewing for the Heavens." The program was concluded by songs sung by all of the people present.

KIKER MAKES PROTECTORS FOR WINDOWS IN GYM

Useful improvements have been made around the campus over the week-end.

New screens have been erected to protect the windows in the gymnasium. According to Mr. Kiker, approximately one dozen of these windows have been broken this year.

A structure has been built in the southwest corner of the gymnasium to protect the chairs and extra equipment.

Mr. Pope has had glass put on top of the desk in his office.

CARRUTH SPEAKS SATURDAY NIGHT

Saturday night, Superintendent I. B. Carruth addressed the radio audience on the subject of some of the problems of the curriculum field, which confront the high school superintendent. Mr. Carruth also told how much aid the superintendent association had given toward untangling the knots of the problem.

Superintendent W. A. McIntosh, Dr. Harris M. Cook, Dr. J. A. Hill, and Mr. H. A. Finch also addressed.

Mr. Finch, formerly superintendent of Dalhart High School, was hired by W. T. S. T. C. to sponsor the curriculum movement in Texas schools.

P. T. A. REPRESENTATIVES GO TO AMARILLO THURS.

Several members of the Parent-Teachers Association of Canyon attended a convention at the Capitol hotel, last Thursday from 10:00 a. m. until 2:30 p. m.

The main discussion of the convention was the P. T. A. Convention which will be held in Canyon March 20, 21, and 22. Mrs. J. E. Griggs, District President, presided at the meeting. Those from Canyon attending the meeting were: Mrs. A. W. Sternberg, Mrs. Alfred Bellah, Mrs. R. W. Callahan, Mr. and Mrs. I. B. Carruth.

SCOTCH GROUP GIVE PROGRAM FOR ASSEMBLY

ABEL TELLS OF EXPERIENCES, LIFE IN SCOTLAND IN INTERVIEW AND IMMIGRATION TO FORT WORTH

The Scotch Society of Amarillo presented the Assembly program last Thursday afternoon.

The program consisted of the following:

Scottish Love Song, Mrs. Walker. Piano accompaniment, Miss Margaret Williams.

Dance, "Sailor's Horn Pipe," Miss Afton Walker.

Readings by Robert Burns, Mrs. Resa Gold Davis.

Highland Fling, Patti Willis.

Talk on Scotland, Mr. John S. Abel.

Miss Patti Willis, age 6, gave two dances.

When asked to tell the story of his early life, John S. Abel, head of the Society, replied, "I was born in Aberdeene county in Scotland. My early life was spent in studying Latin and other foreign languages. At an early age I became interested in cattle, and stock, and made this work my life's hobby."

"In 1893," he continued, "the cold storage process was discovered, and permitted cattle to be shipped from foreign nations into the country. This new invention allowed cold storage meats of all kinds to be shipped into Britain at a much lower price than could be met by the local cattlemen, and consequently the London market was flooded. This caused many cattle buyers to immigrate to foreign nations, among them was myself."

"Looking on a world map, I was undecided whether to go to Argentina in South America or the United States. Pointing to a town in Texas, I asked what kind of a place it was, and was answered that the city to which I had pointed was Fort Worth and the cattle center of Texas, and one of the largest cities in Texas. So I immediately bought a ticket to Fort Worth."

An amusing and perhaps a strange coincidence happened to Mr. Abel when he arrived in Fort Worth, late in 1893.

"The first day I came to Fort Worth, a man walked up to me and inquired if I were a Scotchman, and having answered in the affirmative, he held up a paper with a picture on it and asked me if I knew the man. To my amazement it was my youngest brother who had just recently been appointed minister to the king."

Closing the interview, Mr. Abel looked at his watch and said, "Well if there isn't any saloon between here and Amarillo to detain me, I should surely be home at half past four."

Art Class Visits Hudspeth Art Room

The art class, with their instructor, Coach Cleveland Jones, visited the Mary E. Hudspeth Art Room, last Thursday to study an exhibit of oil paintings.

The exhibit was the Twelfth Circuit Exhibition of the Southern States Art League.

It was composed entirely of oil paintings of still life, landscapes, portraits, and one interior.

Each member of the class chose one landscape, one portrait, and one still life picture, and commented upon each.

The class was taken to and from the exhibit in the school bus driven by Mr. Cecil Bible.

HOT TAIL

By the side of Canyon High School. By the rustic scrubby bushes, Stands a group of robust youngsters. Stands a group of joyful urchins.

They are playing a game together, Playing "hot tail" with each other. Loud rings the joyful sound of laughter.

Loud sounds the violent pop of belt on breeches; And when some unlucky fellow, Fails to guess whose belt did pierce the deepest.

Then the others raise the chorus Uga! Uga! Thomas, turn around again!

Principal John B. Pope visited in the Amarillo High School, Wednesday, Feb. 6, for the purpose of observing classes and studying of routine class.

Loretta Cole was in Amarillo Sunday.

Jewel and Lillian Chambers visited in McLean over the week end.

EDUCATION THE YEAR 'ROUND

Canyon, as well as other towns, must realize that the education of boys and girls goes on twelve months out of the year. Children cannot be exposed to educational experiences for nine months and then sent into hibernation for the next three months. In short, children are being educated during the summer months while the schools are closed. What kind of education are they receiving during this vacation time? It is a commonly known fact that too many of our boys and girls have little to do during the summer months, consequently time lies heavily upon their hands which must be disposed of in various ways.

Education never stops. A child is constantly growing either positively or negatively. If one does not provide adequate facilities for positive training it is reasonable to assume that training of the negative type will often result. Communities that have given this question serious thought are establishing public play grounds, public parks, community recreational centers, and other forms of public activities. With these activity centers, where children can find an outlet for their surplus time, should be found competent supervisors, who understood child life and who can lead them in worthwhile interests.

Where foresight and action take the place of inactivity, and criticism, much can be done to remedy a bad educational situation, from the stand-point of the community.

FOUR W. T. STUDENTS WORK AT HIGH SCHOOL UNDER FERA

Four West Texas State Teachers College students have been working in the principal's and superintendent's offices.

These girls are working under the FERA.

The work consists of typing, the roll for every class in school, also posting every student's record in the new record system.

These girls spend 25 hours a week typing at the high school. According to Mr. John B. Pope, principal, they will continue to work until school is out.

The Eagles certainly brightened their hopes for the District championship Saturday night by exhibiting one of the best games of basketball that has been played in the Eagle Gymnasium.

Coach Jones has spent the last few weeks rounding up his team to condition for the tournament which is to be held in Amarillo February 22 and 23.

Three more weeks of training will climax the Eagle season and the Intramural Tournament will start to determine the championship of the school.

"Hot Tail" and Ping Pong have become two of the most interesting games of the noon hour and soft ball has also proved to be an outstanding sport among the four classes of girls. The sophomores and juniors seem to have the best teams in softball.

Agriculture Class Visits McSpadden Dairy Farm Friday

The Agriculture Class visited the McSpadden Dairy Farm, 6 miles southeast of Canyon last Friday.

Ernest Morgan, the manager, showed the class through the dairy barn while it was being cleaned.

He took the class to the silo where it studied the texture of the silage.

He showed the class some of the best cows on the farm. Mr. Morgan stated that one of them was Grand Champion at Amarillo, Lubbock, and Plainview for five years. She is giving about 60 pounds of milk a day at this time.

Though the class was not visiting "El Rancho Grande" in the heart of Old Mexico, it witnessed a thrilling bull fight—the "torredor" involved being another bull.

With a GUESS WHO That reflects in her eyes. She is blonde in her nature. A senior, most wise.

Answer for last week's "Guess Who," Lorenzo Wirt.

Mildred Shuman, who has been ill with the flu for several days, has returned to school.

Helen Elizabeth Bowman spent Friday night in Happy.

CANYON FEMS DOWN TULIA; EAGLES LOSE

EAGLETES WIN 27 TO 17 IN LAST HOME GAME; EAGLES LOSE BY ONE POINT MARGIN

Last Saturday night the Eaglettes defeated the Tulia sextet by a score of 27 to 17. This was the last home game of the season, and the Eaglettes played a good game, showing good team work on the part of both forwards and guards.

The Eaglettes took the lead from the beginning, and the Tulia girls stayed close behind during the first half, which ended with the score of 15 to 11. During the second half the Eaglettes gained on their opponents and the game ended with another victory for the Eaglettes. Kirkpatrick, for Canyon, took scoring honors with 13 points. Loring, for Tulia, came close behind with 10 points.

After acquiring an 8 point lead before the half, the Eagles fell before the strong Tulia Hornets by a score of 26 to 28, last Saturday.

Early in the third quarter Solomon, Canyon's star forward, fouled out. Hampton Lisle, Solomon's position, and later went off when Fulton went in at center, and Harris moved from center to forward.

The situation soon began to grow tense and the Hornets began to score; the crowd became enthusiastic as the game neared its end.

Late in the fourth period, Winfred Toone, Tulia's substitute star, placed a field goal. This brought the entire audience to its feet, and the Eagles tried vainly to overcome this lead, but all in vain as the game ended.

Solomon was awarded scoring honors with a total of 10 points while Buchanan and Evans of Tulia took scoring honors for their team by scoring 6 points each.

Junior Basketeers Defeat Happy 27-7

The Canyon Juniors' basketball team defeated the Happy Juniors by an overwhelming score of 27 to 7, Friday, Jan. 8th.

Led by Ray Ford Rusk, the Canyon Juniors began early in the game to outplay the experienced Happy Cagers, retaining the large end of the score throughout the game.

The Canyon Juniors have recently organized under the direction of Milton Sanders.

This team is composed of boys 14 years of age or under. The following boys make up the squad. Melvin Callahan, Ray Ford Rusk, John B. Pope, Estey Breitting, D. A. Butler, Mabrey Vandergriff, and C. L. Drummond.

ARITH CLASS VISITS BANK

The seventh grade Arithmetic classes visited the First National Bank, Monday and Wednesday and were shown the different functions of the banking business.

Grady Odham, vice president of the bank, first demonstrated the posting machine. He showed the group deposit slips, how they were used, and a book showing interest rates. Mr. Odham explained the different kinds of money and the service charges on checks.

The seventh graders showed great interest in the vault used for the customers' convenience, and the wrapped coins.

P. T. A. STUDY CLUB MEETS

The P. T. A. Study Club will meet today at 2 o'clock in the music room of the grade school.

Miss Elva Fronabarger will begin the discussion of "New Morals for Old." Mrs. H. A. Brown and the Mother Singers will follow this with a song.

This program is open to all who are interested in child life.

Margaret Nicholas visited the Great West Mill and Elevator Co., while in Amarillo Saturday.

Betty Ruth Solomon was in Amarillo over the week end.

Bourn's Dairy Reconstructed

"I wish we had the bottle washer at home to wash our dishes with," said one small second grade man to another while he was visiting Bourn's dairy.

And that was before the second grade enthusiastically decided to rebuild the Bourn Dairy in miniature.

Now, the barn stands nobly on a table stolidly facing south. The placid cows (sawed recently from wood) stand motionless, around it, grazing longly at the well-ventilated, well-lighted structure.

What if one of the doors of the barn comes off when it is opened. Ingenious second grade minds solved that problem by carefully refraining from opening it. The cows don't mind, anyway.

Incidentally, second graders made the barn with very little help from their teacher, Mrs. Stella Murrell, and, as the loyal architects will inform you upon or not upon inquiry, it is nothing to be sneezed at (the barn, that means).

"Dregs" Chosen For CHS One-Act Play

All those interested in trying out for the one-act play, which is to be presented in the One-Act Play Contest in the Interscholastic Meet this spring, the Interscholastic Meet this spring, met at the home of Miss Irene Angel Monday night at 7 o'clock for the purpose of reading the play.

The play that has been chosen is "Dregs" by Frances Spencer. It is a tragedy which concerns two crooks, their life and how their evil deeds react on them.

Those present at the meeting were Jack Taylor, Hal Gamble, Ruth McCrory, Margaret Nichols, Marielle Oldham, Mary Collins, and Fay Plaster.

Ex-Eagles Defeated By Hill Billies 25-24

The Ex-Eagles suffered their first loss of the W. T. Intramural Tournament, Wednesday, Jan. 6, to the undefeated Hill Billies by a narrow margin of one point, 25 to 24.

Both teams entered the game with no ties and no defeats to retain a 1000% title, the only two teams in the tourney to meet under this condition.

With the score tied at the end of the game, three extra periods were required to decide the game. At the end of the third extra period, the Harris was awarded a free shot with a score at 24 all. He dropped in the nice one for a 25 to 24 victory for the Hill Billies.

A. A. U. W. DONATES BOOKS TO LIBRARY

The A. A. U. W. has made a gift of books to the high school. They are: a biography, "Up the Years from a Bloomsbury" by George Arliss, a play, "The Barrets of Wimpole Street," by Rudolf Besier, two travel books, "A Vagabond Journey around the World," by Franck, and "N. by E.," by Rockwell Kent, and one fiction, "Gay-Neck," the story of a pigeon, by Mukerji.

These are a welcome addition to the library shelves. Each spring the A. A. U. W. has given books to the library, and the library is indebted to the A. A. U. W. for many of its good books.

DATE FOR PANHANDLE PRESS MEET SET FOR APRIL 27

Bill Cone, editor of The Eagle Tale, received a letter Monday from Fannie May, faculty advisor of the Panhandle High School Press Association. The Eagles Tale is the originator of the P. H. S. P. A.

The date for the convention has been tentatively set for April 27.

There will be at least one contest this year. Gilmore Nunn, general manager of the Pampa Daily News has promised a trophy for this contest, and more contests will probably be sponsored by other managing editors later on. The contest will be based on papers dated prior to the time of the announcement.

A new student, Carolyn Cooper from Bolix, Miss., has entered the eighth grade.

Margaret Croson spent the week end in Claude.

Myrtle Chitwood was in Hereford over the week end.

Mrs. J. D. Barker, who has been ill, is back in school.

CAGERS ENGAGE HARVESTERS IN CLOSING GAME

PLAY AT PAMPA SATURDAY; PLAY RETURN GAME WITH DIMMITT FRIDAY NIGHT

The Eagles' concluding games of the season will be played Friday and Saturday with Dimmitt and Pampa respectively. Both games will be played in the opponents' gymnasiums.

January 16, the Eagles defeated the Dimmitt quintet in a home game, 20 to 16. The Eagles kept the big end of the score during the game with the Bobcats. The Eagles team has showed great improvement since the last game with Dimmitt, and it is not certain which team will take the honors.

The Eagles boys team will play the Pampa Harvesters at Pampa Saturday. Pampa's team is one of the leading contenders of the district. Pampa has won the majority of its games this season.

The Eaglettes play Dimmitt Friday. This will be the only game they play this week. Dimmitt won over the Eaglettes January 16 in a home game.

Eagles Lose To Happy Cagers In Hard-Fought Bout

Last Friday, the Eagle Cagers went to Happy where they met the Cowboys in a 14 to 28 loss.

Hawbiss started the game at center and showed some very good playing. Fulton went in as center in the second period, but Harris returned to center at the half for the remainder of the game. The score was 6 to 11 at the half.

Leslie Lisle took Taylor's position as forward in the fourth period, but the Cowboys' sure passes continued to cause the Eagles much grief. The final score was 14 to 28 in favor of the Cowboys.

In a hard fought battle, the Canyon Eaglettes, led by their Captain, "Mickey" Schmitz, were defeated by the Happy Cowgirls with a score of 26 to 12.

The first half was very close and both defense and offense of either side fought hard. At the end of the half the score was 5 to 7, for the Cowgirls. During the second half, Sutton, Happy forward, found the basket oftener, and at the end of the game had 20 points to her credit.

Fifth Grade Visit Warwick's Tuesday

The Intermediate grades of the grade school attended the program given by the Scotch Society, Thursday afternoon.

The first four grades have each received a new set of books, "Social Science Readers," by various authors. There are ten books in each set. The books were given them by Mr. I. B. Carruth.

Tuesday morning the 5A and B grades visited the printing office of The Canyon News. They saw The Prairie printed, and Mr. Clyde Warwick explained the different machines. Their visit to the News office followed a unit of study of the printing press.

THE FINEST WASHER

If we know anything about washing machines (and we've bought and sold plenty of them)—this Model 'A' SPEED QUEEN with its seamless Model metal Tub is, in our opinion, the finest washer that has ever been placed on the market!

That sounds like a strong statement. But it is true. No matter what feature you compare—the tub, the agitator, the frame, the clutch, the transmission, the wringer, the casters, the finish or the appearance—it outranks anything we have ever seen or heard about in all our washing machine sales experience. You certainly owe it to yourself to see this new SPEED QUEEN whether you are planning to buy a new washer right now or not. Stop in today.

FORD PRESENTS

ANOTHER ADVANCE IN TRUCK ENGINEERING

Obtained by mounting front springs ahead of axle and moving V-8 engine forward. This places more load ahead of rear axle, more weight on front end.

THE important fact to remember about the new Ford V-8 Truck for 1935 is not merely that it gives you new money-saving features—but that these features have been added to a truck whose economy, performance, stamina have already been proved.

For 1935, Ford gives you an entirely new development—Forward Load Distribution. This makes possible more uniform tire and brake wear—better brake action—improved operation and wear throughout the truck. In addition, with more space between the cab and rear axle, the 1935 Ford V-8 permits acute angle turns with full-width semi-trailers.

No matter how efficiently you are now doing your hauling, these and the other features of the 1935 Ford V-8 are important advantages to consider. They are matched by no other truck in America today, regardless of price.

Test this new Ford V-8 Truck yourself. Your nearest Ford dealer will let you do this... on your own job, under your own load, with your own driver!

This Week's Patterns

THE little miss will adore the unique design of the waist of the frock, Pattern 412. In this outstanding creation, the front yoke with the lace and opening is combined with an easy fullness, and the lacing idea is carried out in the pocket ornaments.

Gingham, lightweight wool, or cotton fabrics are recommended. Patterns come in size 4 to 12 years. Size 6 calls for two yards of 35-inch fabric plus 1/4 yard contrast.

The freedom of movement needed for housework is provided by overpleats at the sides of the frock in Pattern 443. Printed pique, percale or gingham make up beautifully in this slenderizing frock for women of larger sizes. Patterns are available in sizes 36 to 52. Size 44 requires 4 1/4 yards of 35-inch fabric plus 1/4 yard contrast.

Maverick Club

(Continued from first page)
being continued by the boy problem in Canyon for the past two years. The boys flock to the gymnasium daily. They will now be organized, and their work and play directed. It is a part of the well rounded physical education program which he has conceived for W. T.

If relief labor is still available, the building can be erected with little cost to the community. Dr. Hill has offered the rock, sand and gravel. Many citizens interested in helping the boys have offered cash donations to the building. The greatest enthusiasm is being displayed by all men of the community who have heard of the proposal to organize the boys and to direct their activity.

President Bob Jarrett of the Rotary club announced that while this work was being done for the

boys, he would appoint a committee composed of past presidents of the Rotary club to work out a plan to direct activities of the girls of the community.

Clarence L. Thompson was introduced as a new member of the Rotary Club.

Visitors present Tuesday were: W. A. Askew, John C. Fain, Guy Saunders, Dinty Moore, Emmett Galloway, Pete Wheeler, George Williamson, Tom Cotton, Jim Williams, all of Amarillo; Bob Barnett, C. H. Jarrett, Dan Sanders, C. R. Burrow, Bob Cox and G. B. Heath, all of Canyon.

Ten Projects

(Continued from first page)
The new public works bill has not passed congress, but when it does, it is expected that immediate action will be taken on the projects submitted by the various counties.

Baptist Men In Monthly Gathering Monday Night

More than 70 men of the Baptist church gathered Monday night for the regular monthly meeting of men. W. H. Harden was in charge of the program. A. C. West will be in charge of the program next month.

The program consisted of special music by the Beacon Quartet of Amarillo which gave a number of selections, and three talks by local citizens as follows:

"When is a man a man," Clyde Warwick.

"Am I My Brother's Keeper," Rev. Chas. L. Dickey.

"How to make amends," Rev. W. W. Richeson.

Following the program coffee and cake were served by a committee headed by J. C. Baker.

Umbarger Items

Among the callers at the John Bedenk home last Sunday were Mr. and Mrs. Ernest Hollenstein, Martha Hollenstein, Victor and Alfred Friemel.

Mr. and Mrs. Clarence Beckman and daughter, Margaret, were visitors at the Charles Beckman home Sunday.

The Walter Beckman family called upon the Podzemny's Sunday. Fishbackers were dinner guests at the home of Frischers Sunday. Joe, Adela and George Friemel were in Amarillo Monday to bring George back to school.

Mrs. Tom Cook and children were in Amarillo Tuesday, while the Rudolph Friemel's were there Wednesday.

Fritz Friemel and Louis Wieck were business callers in Canyon Monday.

Some of the young folks of Umbarger are preparing a play "Sally Lunn" to be given at the school very soon. Watch for details as to date, time, etc.

The 42 party Sunday evening was excellently attended. Victor Friemel won first prize and George Friemel won the booby prize. Door prize was won by Mrs. Ernest Hollenstein. Luncheon was served in hobo style.

The "Kid" party was held at the home of Mrs. Clark Ash. Kid games were played. The following were present: Mrs. G. Frank, Mrs. E. J. Evers, Mrs. A. Hartman, Mrs. L. Wieck, Jr., Mrs. C. J. Beckman, Mrs. E. J. Friemel, Mrs. E. Hollenstein, Mrs. W. P. Jansen, Mrs. B. Bauer, Mrs. M. Hoffman.

The next party will be an old fashioned Kaffie-Klatche at the Parish Hall on Tuesday afternoon, Feb. 26. Mrs. George Frank will be hostess.

George Frank made his first solo flight on Monday.

Stunt Night Will Be Held February 21st by the YWCA

Miss Novella Goodman is in charge of the number which the College faculty will give as its contribution to the biennial Stunt Night of the Young Woman's Christian Association which will be given February 21 at 8:15.

Six college organizations will compete for the five dollar prize which the Y. W. C. A. gives each two years for the best stunt. Canyon citizens will be judges.

Music will be furnished by the Canyon novelty orchestra.

Miss Ruth Wells is president of the Y. W. C. A. and general chairman in charge of the Stunt Night program. For many years this program of fun which is enjoyed by town and college alike has been sponsored by the Y. W. C. A. the admission price always being 10 cents. Miss Ruth Lowes, faculty sponsor of the Y. W. C. A. believes that the program this year will be unusually interesting.

Little Miss Fannie Alice Pierce is visiting in Lubbock this week with her cousin, Andrew Lee Mooreman.

Rain, Snow

(Continued from first page)
about 3:00 o'clock Tuesday afternoon and continued in a slow drizzle until nearly midnight. Every drop of the moisture went into the ground as it landed. Very little wind accompanied the snow. The fact that the rain and snow was general over the territory included in the excessive drouth section during the past three years is a good omen for a return of normal moisture in this section during 1935.

Mrs. Donald Trolinger was brought home from an Amarillo Sanitarium Wednesday afternoon. She is convalescing nicely but will be confined to her home for some time yet.
